

# HOW TO INSTALL: TRANSFER TAPE GRAPHIC

SKILL LEVEL: BEGINNER

## STEP 1

Clean and dry the area where the graphic will be applied.

## STEP 2

Position the graphic where you want it applied on the surface. Using a pencil make small tick marks to make alignment marks.

## STEP 3

Peel back the transfer tape, making sure the graphic adheres to the tape. If the graphic is not adhering.....press the parts of the graphic back on to the transfer tape by applying pressure. Continue this process until the full graphic ad transfer tape is off the backing.

## STEP 4

Apply one side of the transfer tape to the surface at your alignment marks.

# HOW TO INSTALL: TRANSFER TAPE GRAPHIC

SKILL LEVEL: BEGINNER

## STEP 5

Using a squeegee, credit card, book, or your hand and using a side to side motion apply slight pressure to the transfer tape. Do this side to side motion as you move from one end to the other of your transfer tape in small increments at a time.

## STEP 6

Once the full piece of transfer tape is on the wall go over it a few times with the squeegee, credit card, book or your hand with slight pressure.

## STEP 7

Starting with one corner slowly pull at an angle with one hand. The Graphic should remain on the surface at this time. If some of the parts of your Graphic stay on the transfer tape....use your other hand and apply slight pressure to the transfer tape against your surface as you did in step 3. This should release the Graphic.

## STEP 8

Step back and enjoy!!
